

Pickleball Social Story

Today, I am
going to play
pickleball!

I will walk onto
the pickleball
court.

I say hi to my
coach and my
teammates.

First, we stretch.
This helps my body
get ready to move.

Then, we warm-up. I can run, jog, or walk.

After warm-ups, we take a water break.

I practice hand-eye coordination. This helps me hit the pickleball.

I practice forehand volleys. I hold the pickleball paddle up in front of my face and hit the ball.

I practice bounce-hit
forehands. I turn
and swing to hit the
ball.

I can ask for a
break if I need
one.

I can use the
communication
boards to help me.

Last, we play a
pickleball game and
have a group cheer.

Woohoo!
Pickleball is fun!
